## FOR IMMEDIATE RELEASE

### **State Route 12-Rio Vista Major Pavement Rehabilitation Overnight One-Way Traffic Controls Start Sunday, August 21**

**SOLANO COUNTY** – The California Department of Transportation (Caltrans) is scheduled to start a major pavement repair project on two-miles of State Route 12 (SR-12) in Rio Vista. The work will start on Sunday, August 21 and be completed by mid-October 2016.

Although no full highway closures are scheduled at this time, motorists may experience delays as crews work to repave SR-12 with overnight one-way traffic controls on SR-12.

During one-way traffic controls, one lane of SR-12 will remain open at all times with crews alternating closures on eastbound and westbound SR-12 to allow one-lane of traffic to proceed at a time.

To ensure public and worker safety, one-way traffic controls will be in effect on SR-12 between Drouin Drive and Summerset Road each night Sunday through Thursday starting Sunday, August 21. Work starts at 8:00PM each night and concludes at 6:00AM the following mornings. One-way traffic controls are scheduled each night at 9:00PM until 5:00AM the next mornings.

Motorists should expect delays and allow for extra travel time. All work is weather permitting. Please slow for flaggers and construction crews.
